

You think I'm out my mind and I hate it
Cuz I thought that I was being creative
I know I'm not your type yet
But I'll make you change your mind let me hit you right back
1 2 3
I know your smiling
Playing hard to get 3 dots pop up I know your vibing
Don't know why you take so long to press send
Don't treat me like a friend
When you know I'm better than all the boys you called your men

Oh, you got me going crazy
Going crazy for you
Got me all tied up I need to make a move
Trying to be something I'm not for you
Trying to be something I'm not
Oh, you got me going crazy
Going crazy for you
Spendin' all my money on some Dior shoes
Trying to be something I'm not for you
Trying to be something I'm not for you

I should stop
Change the conversation
I think your worth more than you know I ain't hating
Listening to Floyd by the bay, it's amazing
Switching lanes hearts racing
And I ain't even need to look because
I know you're smiling
Playing hard to get 3 dots pop up I know your vibing
Don't know why you take so long to press send
Don't treat me like a friend
You know I'm better than all the boys you called your men, oh, you got me go
ing

(Crazy, going crazy for you
Just dyed my hair look what you made me do
Tryna be something I'm not for you
Tryna be something I'm not)
Oh, you got me going crazy
Going crazy for you
Got me all tied up I need to make a move
Trying to be something I'm not for you
Trying to be something I'm not

Oh, you got me going crazy
Going crazy for you
Spending all my money on some Dior shoes
Trying to be something I'm not for you
Trying to be something I'm not for you

I'm crazy for you
Look what you made me do
Crazy for you
Crazy for you, crazy for you
