I've got a song for your playlist
I wish I could play it to you
And it's okay if you say that
You think it's a little too soon
For us to talk again, speak again, meet again
I've got a song for your playlist
I think it sounds just like you
I think it sounds just like you, you

And it goes like
It's you that I wanna kiss every morning and every nighttime
I wanna feel every inch of your body holding onto mine
Oh, I'm in love, I'm in love, oh
I'm in love, I'm in love, oh

And everyday I will care for you, girl, and try to lift you up
Making you laugh and smile on the days you don't feel good enough
Oh, I'm in love, I'm in love, oh
I'm in love, I'm in love, oh

I've got a song for your playlist
I honestly wrote it for you
I know you don't wanna hear it
But back then I swear it was true
Wish I could call you up, sing it to you down the phone
I've got a song for your playlist
I thought you might like to know
I thought you might like to know, know

And it goes like this
It's you that I wanna kiss every morning and every nighttime
I wanna feel every inch of your body holding onto mine
Oh, I'm in love, I'm in love, oh
I'm in love, I'm in love, oh

And everyday I will care for you, girl, and try to lift you up
Making you laugh and smile on the days you don't feel good enough
Oh, I'm in love, I'm in love, oh
I'm in love, I'm in love, oh
Oh
Oh

It's you that I wanted
Every night time
I'm missing your body
All of the time
Oh, it was love, it was love, oh
It was love, it was love, oh

And everyday I will care for you, girl, and try to lift you up
Making you laugh and smile on the days you don't feel good enough
Oh, I'm in love, I'm in love, oh
I've got a song for your playlist
I wish I could play it to you
