

Timeless

James TW

If she'd kissed me in the '60s
With flowers in her hair
Dressed in bright colours
I'd have fell then and there
Cause she's timeless
Oh she's timeless

In the heart of the '20s
In a smoky jazz club
The second she met me
I'd have fallen in love
Cause she's timeless
Oh she's timeless

She's got effortless beauty
Could have been in the movies
She got style but don't follow the trends
Admired by the women
Adored by the men
The kinda woman you never forget

It don't matter how
It don't matter when
I would have fallen again and again
Cause she's timeless
Oh she's timeless
No matter the day
No matter the time
I'd feel the same when I look in her eyes
Cause she's timeless
Oh she's timeless

She'd go out in the '80s
In her neon skirt
I wanna dance with somebody
That somebody's her
Cause she's timeless
Oh she's timeless

She's got effortless beauty
Could have been in the movies
She got style but don't follow the trends
Admired by the women
Adored by the men
The kinda woman you never forget

It don't matter how
It don't matter when
I would have fallen again and again
Cause she's timeless
Oh she's timeless
No matter the day
No matter the time
I'd feel the same when I look in her eyes
Cause she's timeless
Oh she's timeless

Oh she's timeless
Oh she's timeless

It don't matter how
It don't matter when
I love her now and I would've done then
Cause she's timeless
Oh she's timeless
