

Bears

James Vincent McMorrow

When the bears
They come
You won't
Have long

You can try
And run
But you won't
Get far

Violence on the streets
Violence on the streets, so you're climbing the walls
Spitting out your teeth
'Cause bears don't give a fuck about what you want
Bleeding from your feet
Bleeding from your feet like a waterfall
Violence on the streets
Violence on the streets everywhere you go

'Cause when the bears
They come
Well you won't
You won't last long
