

Don't Wait Forever

James Vincent McMorrow

Are you learning
Like I taught you?
Retreads only
Don't reveal
Truth

Snow kept pushing
You kept laughing
Do you love me
Like I love you?

'Cause I don't want to wait forever, no
I don't want to wait
I don't want to wait forever, no
I don't want to wait

Carving out a gate forever, no
I don't want to wait

Abacus and wait forever, no
I don't want to wait

Take me in through the arms
Of a swan
With a ghost
Deep inside their body
Oh
You and I
You and I
