

## Didn't I

James Wesley

If regrets were like raindrops  
There'd be a river running through this house  
If our love was like a circus  
I'd be the sad-faced clown  
Walking with my head down  
Wondering where you are now

Didn't I wrap my arms around you  
Stare in your eyes and swear I loved you  
Didn't I, baby didn't I  
Give you everything you ever wanted  
Love you like crazy let's be honest  
Didn't I, baby didn't I  
Didn't I

I thought we were like a stone wall  
Solid all the way around  
I never knew you'd be the wrecking ball  
To bring us tumbling down  
Till I woke up that Friday morning  
To find you gone, you were gone

Didn't I wrap my arms around you  
Stare in your eyes and swear I loved you  
Didn't I, baby didn't I  
Give you everything you ever wanted  
Love you like crazy, let's be honest  
Didn't I, baby didn't I  
Didn't I

Didn't I wrap my arms around you  
Stare in your eyes and swear I loved you  
Oh baby didn't I  
Give you everything you ever wanted  
Love you like crazy, let's be honest  
Didn't I, baby didn't I  
Didn't I, baby didn't I  
Oh baby didn't I
