

All My Sons

James

All my sons

First blood upon the sand
More soldiers damned to die
Defending the honor of thieves
Cos power swells with each new well
Blackens shrines in our holy land

All my sons

All my

Son, whose side you on
It's black and white
We are right, so they must be wrong
And will you kill
Or will be killed
Life must be lost
If land must be won

All my sons

All my sons

Baby's on the ground
Baby's on his knees
Baby's gonna cry
Baby's gonna bleed

Centuries of waste
Centuries of greed
Mothers of the world
Are you gonna grieve

She said you are all my sons
You are all my sons
You are all my sons

All my sons
