

## Backwards Glances

James

Where'd she go?  
Over the fence, no backwards glances  
Should have known  
When to duck from low hung branches

(Ah-ah-ah)  
Where'd she go?  
Thought we'd cleared the tallest fences  
Should have known  
But I'm too dense and she's so poor what else feels  
(Ah-ah-ah)  
So oh-oh, she retreats the wolves and foxes

Where'd she go?  
Over the fence, no backwards glances  
A thousand blows  
She now knows how wild my past is

She's alone  
I can't rescue her from darkness  
She's alone  
You only learn from dark and painful choices

If she ever gets out of this headspace  
She'll revive the will to live  
If she ever gets out of this headspace  
She'll consign this to the past  
All my excess is boom right  
Oh-oh

Where'd she go?  
Where'd she go?  
Where'd you go to?  
Oh-oh  
Where'd you go?  
Where'd you go?  
Oh-oh  
Where'd you go?  
Where'd you go to?  
Oh-oh  
Where'd you go?  
Where'd you go?
