Be My Prayer

James

What is wrong with my breathing tonight
Atmosphere's heavy, soul is too tight
Feeling like a rabbit frozen in your light
I can't move at all, be my prayer
Be my prayer
Be my prayer
Be my prayer

All of this pressure is getting to me
Change channel, bigger vision, get a new TV
Picking up messages, don't want to receive
I can't move at all, be my prayer
Be my prayer
Be my prayer
Be my prayer

Calling all cars, are you reading me?
Something's jamming this frequency
I've seen things, don't want to believe
Be my prayer

Day after day after day after day after day
Day after day after day after day after day
Day after day after day after day after day
Day after day, I-I pray
Will you be my prayer
Will you be my prayer
Will you be my prayer
