

Beautiful Beaches

James

Better wake up my love, get up
It's time
Time to get out of Dodge

That case won't fit the car
Racing, we're racing down to those beautiful beaches
Put your foot down to the floor
Racing, we're racing down to those beautiful beaches

We'll take our chances
Take our chances
Burning down the houses
We're surrounded
Take our chances
Get out of Kansas
Escape
Time to escape
Time to escape

It's coming over the ridge past canyon trail
Smoke in the air
Woke me up in the night

That life we left behind
Racing, we're racing down to those beautiful beaches
Put your foot down to the floor
Racing, we're racing down to those beautiful beaches

We'll take our chances
Take our chances
Burning down the houses
We're surrounded
Take our chances
Get out of Kansas
Escape
Time to escape
Time to escape

Take our chances
Take our chances
Burning down the houses
We're surrounded
Take our chances
Get out of Kansas
Escape
Time to escape
Time to escape
