

Busted

James

I'm not dreaming about you tonight
I'm not dreaming about you tonight
I'm not dreaming about you tonight
Oh my mind can't let go, oh my mind can't control

I'm not thinking about you tonight
Counting the cost of what I have lost
Stringing pearls I can't take back
Twisted in knots on the judo mat
Oh my mind can't control
Oh my mind, deep black hole

Mercy so low, mercy can't let go
Mercy so low, mercy won't let go

I'm not dreaming about my flight
Driven out into the night
I crossed your heart, just passing through
Took my words and made them true
How recklessly I loved
Not so impressed how I'm invested
I'm broke and heading south
Destitute and reckless

Bust again, bust again
Bust again, bust again
Bust again, bust again
Bust again, bust again

Hurt, you want to hold her
Hurt, you want to heal her
Hurt, you need to leave her
Hurt you wanna hurt her
Hurt, you want to hold her
Hurt, you want to heal her
Hurt, you need to leave her
Hurt you wanna hurt her
Hurt, you want to hold her
Hurt, you want to heal her
Hurt, you need to leave her
Hurt, you wanna hurt her
Hurt, you want to hold her
Hurt, you want to heal her
Hurt, you need to leave her
Hurt you wanna hurt her

Oh my mind can't let go
Oh my mind can't control
