

Heads

James

Hey, hey, hey, hey
It's just a fever of greed
Don't believe in the white American dream
God bless inequality
The poor vote the rich
To hammer nails in their feet

Land of the free
Land of the free
Land of the free
Land of the free

Hey, hey, hey, hey
Fake news divides to conceal
History's rich get to keep whatever they steal
This buffet's all you can eat
Devouring resources
Of our sons and daughters

Don't say it's okay
Don't say it's okay
Bought into this crap
That we can't take back

Here's the dream
Ivory
Tapestry
Dovetailing empathy
Centipede
Synchronise
Hundred feet
Dance to the beat
Mycelium
Knees to knees
Sun provides
Energy
Lungs to breathe
Enough for everyone
Harmonise
Land of the free

Don't say it's okay
Don't say it's okay
Bought into this crap
That we can't take back
