

Hey

James

Whatever happened to the truth
You can say what you want
The world's gone crazy
Only friends remain in my pool
Conspiracies everywhere
Belief is stronger than proof

People come together out the darkness
A daily dose of fear is whacked
Our treadmills on an incline
UFO's are on the radar
No one gives a damn
We're holding on just trying to survive

(Hey, hey, hey, hey, hey, hey, hey, oh-oh-oh, we can fly)
We can fly, we can fly
(Hey, hey, hey, hey, hey, hey, hey, oh-oh-oh, we can fly)
We can fly
(We can fly)

What's this I hear you say
Don't mix political magical
What's real and what's imaginable
Don't wave your facts in my face
What's this I hear you say
Deep truths are paradoxical
Conspiracy spreads conspiracy
We are the bomb by the wave

My UFO's landing soon
Hey, hey, hey, hey
We can fly, we can fly
Send no more prophets of doom
Hey, hey, hey, hey
We can fly, we can fly

I come from the stars
Entangled at birth
Access altered states
Were one and the same
They're hiding the truth
Psyops and deep fakes
We know were being played
So play a great tune

If we can be whatever we dream, and we can
Hey, hey, hey, hey, hey
We can fly, we can fly
I'll be the king, you be the queen of this land
Hey, hey, hey, hey, hey
(We can fly)
My UFO's landing soon
Hey, hey, hey, hey, hey
We can fly
Send no more prophets of doom
Hey, hey, hey, hey, hey
We can fly, we can fly
