

Imagine Ourselves

James

You and me we're all the same
All in wrestling with some pain
Separation's killing me
Communication cross this sea

Oh, imagine ourselves
Disintegrating to light
Oh, imagine ourselves
Tonight, tonight

I'm connected to your charge
Make the circle
With this star

Oh, imagine ourselves
Disintegrating to light
Oh, imagine ourselves
Disintegrating tonight

Oh, imagine ourselves
Disintegrating to light
Oh, imagine ourselves
Tonight
These words
Turn into light
We fade
Through space
No self-contains
We shine
Beneath the seas
A flame

Through the phone line
To my heart
Feel so close
So far apart

Oh, imagine ourselves
Disintegrating to light
Oh, imagine ourselves
Disintegrating tonight

Oh, imagine ourselves
Disintegrating to light
Oh, imagine ourselves
Tonight
