James

Someday soon when I die  
They'll do an autopsy, find your bullet inside  
The way that you killed me that night  
Shot a hole in my heart, some part of me died

Two bodies on a bed, jack knife  
One's a lover, the other's my wife  
Something about you came alive  
From the sing of your song to the ring of your lies

Shake she's coming  
Shake she's coming  
Shake she's coming

Isabella  
Loves the altitude  
Freedom lover  
Shakes an earthquake of such magnitude  
Every pleasure denied  
Wakes the devil inside

Madness season  
We've stopped breathing  
Un-cock your shotgun  
Way past victim

Shake she's coming  
Shake she's coming

Isabella  
Loves the altitude  
Freedom lover  
Shakes an earthquake of such magnitude  
Every pleasure denied  
Is a compromise  
Every pleasure denied  
Wakes the devil inside

A pleasure denied  
Wakes the devil inside

Freedom
