

Left Out Of Her Will

James

This place is your home
There's no room for me
I'll never live up
To how you want me to be

Don't know where I'm going
But anywhere's better than here
You can't call this living
All your life is lived in fear

I thank you for your protection
I thank you for your care
Now I'll go my own way
Out of this family lair

Break away from home
I'll break away the mould
Break away from home
I'll break away the mould

How can you leave us
Now we are so old
We gave you everything
Pay back for what you owe

I owe you nothing
Never was your possession
If that's what you banked upon
I was a misconception

I'm not some investment
There'll be no dividend
Love is not possessive
Love is its only end

Break away from home
I'll break away from home
Break away from home
I'll break break the mould

You'll never tear away
From the family
Carry us with you
Our roots are deep

This place is your home
There's no room for me
I'll never live up
To how you want me to be

How you want me to be
How you want me to be
How you want me to be

Break away from home
I'll break away from home
Break away from home

I'll break away from home

Break away from home

Break away from home
