

Life's A Shocking Miracle

James

I am another dumb fish in another dumb bowl
Screaming in an echo chamber
Waste so much time sucked online, oh
Waste so much time review my life
How sharp's my knife

Raise your glass
Life's a shocking miracle
We're made of light
Our form is physical
If we love life
Life loves reciprocal
Celebrate
She, he, we, they
Welcome sign
(She, he, they, we)
She, he, we, they
Welcome sign
(She, he, they, we)

What shapes our lives is our mind
Thoughts become material
Power lies with those who control
Our storylines
This body's mine
And love's no crime

Raise your glass
Life's a shocking miracle
We're made of light
Our form is physical
If we love life
Life loves reciprocal
Celebrate
She, he, we, they
Welcome sign
(She, he, they, we)
She, he, we, they
Welcome sign
(She, he, they, we)

(She, he, they, we)
She, he, they, we
(She, he, they, we)
She, he, they, we
(She, he, they, we)
She, he, they, we
(She, he, they, we)

Raise your glass
Life's a shocking miracle
We're made of light
Our form is physical
If we love life
Life loves reciprocal
Celebrate
She, he, we, they

Welcome sign
(She, he, they, we)
She, he, we, they
Welcome sign
(She, he, they, we)
