

Long To Be Right

James

Hear my, my cry
Hear love go by
Don't cry, don't sigh
I long to be right
I long to be right

Hear love, I hear love
Come back dear, don't go
Don't go
I long to be right
I long to be right
I long to be right

True love
Don't fight your love
Hear sounds
Hear sounds
I long to be right
I long to be right
