

Love Make A Fool

James

Love make a fool out of me
Let me die with your flame in my veins drunk on your dreams
Always a price but it's free
We've got love, we've got love, we've got love as much as you need
Look up from your phone
Beautiful souls
Be there for
The rebound
Always be a rebound
Look up from your phone
Take back control
Be there for the rebound
Karma has to rebound
Uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh

Break free
Uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh

Break free
Love make a fool out of me
Not the love that comes with desire

The love of Rumi
What's the price on the street
We've got love, we've got love, we've got love as much as you need
Uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh

Break free
Uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh-uh

Break free
Sufi masters endless spin
Be at one with everything
Stranger shape
Shift into kin

Love left a bruise left a sleeve
A snake a figure 8 infinity
Love make use out of me
Let me dance to the beat of your wings
No matter the grief

Love make a fool out of me
Take me home kiss my wounds give me something to eat
Always a price, but it's free
We've got love, we've got love, we've got love
As much as you need

We've got love, we've got love, we've got love
As much as you need
We've got love, we've got love, we've got love
As much as you need
