

Nothing But Love

James

Nothing but love gives the world some meaning
Nothing but love is the drug of healing
lover be soft
lover be bold
earthquake avalanche volcano

Nothing but love
I've got nothing but love
Nothing but love stops the mind from grinding
Nothing but love flushes hearts from hiding
Deeper we dive
Nowhere to hide
earthquake avalanche volcano

Nothing but love fills the hole I'm hiding
Nothing but love from the well we're drinking
into the highs
deal with the lows
earthquake avalanche volcano

for there's no answers only dancers
for love me now, i'll pay the cost
Nothing but love
I've got nothing but love
Nothing but, Nothing but love!
I've got nothing but love!
I've got nothing but love!
Nothing but, Nothing but love!
Nothing but love!
