

# Overdose

James

Took an overdose  
Of happy  
Took an overdose  
Newly breached  
Took an overdose  
An overdose  
You tried to murder you  
You killed me

Came back round  
Your sister screaming  
"Breathe, breathe, breathe"  
Well, I guess you had been  
Hurting more than usual  
Now the ones who loved you  
Hurt the most of all  
Was our ecstasy just momentary pleasure?  
Guess our moments meant much less to you than me

Took an overdose  
An overdose, the river  
Nearly took your spirit  
Too far out to sea  
You had hoped to live  
In ecstasy forever  
I guess angel fruit  
Proves poison to the weak  
I guess angel fruit  
Proves poison to the weak

(Yeah)  
(Yeah)  
(Yeah)
