

## Recover

James

Cry  
For the ones we have lost we have loved  
Wash your hands  
There's a thief of our breath  
Stay inside  
Stay alive  
It will be alright  
Stay inside  
Stay alive  
It will be alright

Nature needs a break  
So we wait in our home  
Our foxhole  
I'm out of a job  
Confronting my life  
The walls of my home

It'll be alright

It will be alright

Will he get better?  
A cold  
Will he get better?  
Just a chill, sore throat  
Will he recover?  
In a ward all alone  
Will he recover?  
He can't breathe without a machine to carry the load

It'll be alright

It will be alright

We will remember  
Your wicked sense of fun  
We will remember  
Now the circus has moved on  
We will remember  
Your last call was a song  
We will remember  
How to pass your spirit on
