James

We're all gonna die  
That's the truth  
Quit measuring time  
By money and youth  
Time's no straight line  
Time's a slope  
My credit's declined  
Keep dancing with hope

We're all gonna die  
Prescriptions and pills  
So live true your shine  
Don't live unfulfilled

Life's a free climb  
No ropes  
Let go of the mind  
Lie back and float

Somedays I go, "No"  
Somedays I go, "Yeah"  
Somedays I go, "Whoa"  
Somedays I go, "Yeah"

Whoa  
Yeah

We're ageing like wine  
Till we don't  
I'll be by your side  
I'll sing when you choke  
We're all gonna die  
No joke  
So live true your shine  
Before you go cold

Somedays I go, "No"  
Somedays I go, "Yeah"  
Somedays I go, "Whoa"  
Somedays I go, "Yeah"

Whoa  
Yeah

Whoa  
Yeah  
Whoa  
Yeah  
Whoa  
Yeah  
Whoa

Oscillator, oscillator  
Oh  
Oscillator, oscillator  
Down  
Oscillator, oscillator

'Round and 'round
