

# Down By The River

Jameson Rodgers

My old man would throw me in the truck  
Put a couple flower bed worms in a cup  
Didn't say a lot but I learned so much  
Down by the river  
When I turned ten, my hand let off  
Of a pinewood pew to that old rugged cross  
Wasn't the Jordan but everyone watched  
Down by the river

Sometimes it's high  
Sometimes it's low  
Might be a little muddy but ain't it kind of funny  
It'll wash the dirt off of your soul  
And when it's my time  
My time to go  
Hope the Good Lord's got a house for a sinner  
Down by the river  
So I can keep watching it roll  
Watching it roll

We were too young to buy but somebody had a brother  
We'd take that case and a little Marshall Tucker  
Drank every damn one of them nights that summer  
Down by the river  
When you're 17, love's in the air  
And you couldn't go here, and you couldn't go there  
But I knew her daddy'd never catch her lettin' down her hair  
Down by the river

Sometimes it's high  
Sometimes it's low  
Might be a little muddy but ain't it kind of funny  
It'll wash the dirt off of your soul  
And when it's my time  
My time to go  
Hope the Good Lord's got a house for a sinner  
Down by the river  
So I can keep watching it roll  
Watching it roll

There's gonna come a day God's gonna take me  
It's tough but I hope somebody can maybe  
Pull a few strings so I'm pushing up daisies  
Down by the river

Sometimes it's high  
Sometimes it's low  
Might be a little muddy but ain't it kind of funny  
It'll wash the dirt off of your soul  
And when it's my time  
My time to go  
Hope the Good Lord's got a house for a sinner  
Down by the river  
So I can keep watching it roll  
Watching it roll
