

One Day

Jameson Rodgers

One day I won't lose my mind
When my boys lose the game on Saturday
One day I won't work sun up to sun down
For a little pay
Right now I do what I can
But one day I won't give a damn

One day I'm gonna quit drinking these cold beers
One day me and this truck'll quit riding roads round here
One day I'm gonna give up bar stools and neon lights
One day I'll get over you
One day I'm gonna die

One day they'll be sitting in a church
Taking turns telling stories all about me
And they'll say he got everything he wanted
Out of life except one thing
Won't care if I see you around
One day when I'm in the cold hard ground

One day I'm gonna quit drinking these cold beers
One day me and this truck'll quit riding roads round here
One day I'm gonna give up bar stools and neon lights
One day I'll get over you
One day I'm gonna die

Girl, I won't care if you call me
I won't be there if you want me
I won't feel a thing
When I'm moved on
One day I won't love you, baby when I'm long gone

One day I'm gonna quit drinking these cold beers
One day me and this truck'll quit riding roads round here
One day I'm gonna give up bar stools and neon lights
One day I'll get over you
One day I'm gonna die
One day I'm gonna die

Yeah, girl I won't care if you call me
I won't be there if you want me
