

# Things That Matter

Jameson Rodgers

I used to let it tear me up  
When my boys lost a football game  
And that dent in the bed of my truck  
'Bout drove me half insane

Politics and the price of gas  
Things I wanted that I don't have  
I've learned to let 'em all go  
'Cause the things that mean the most

Is waking up with the woman I love  
Talking to the Man above  
Sipping coffee from my favorite cup  
Slowing down in the country  
Going hunting with my old man  
Hugging Momma while I still can  
I think I finally understand  
Life ain't about money  
I'm gonna spend a little more time chasing after  
Things that matter  
Things that matter

Gonna grab a beer with some friends of mine  
Do a little making up for lost times  
Laugh about them days gone by  
In the morning you can bet that I'll be

Waking up with the woman I love  
Talking to the Man above  
Sipping coffee from my favorite cup  
Slowing down in the country  
Going hunting with my old man  
Hugging Momma while I still can  
I think I finally understand  
Life ain't about money  
I'm gonna spend a little more time chasing after  
Things that matter  
Things that matter

Can't tell you what it was  
Maybe I just finally grew up  
All I know is I just can't get enough

Of waking up with the woman I love  
Talking to the Man above  
Sipping coffee from my favorite cup  
Slowing down in the country  
Going hunting with my old man  
Hugging Momma while I still can  
I think I finally understand  
Life ain't about money  
I'm gonna spend a little more time chasing after  
Things that matter  
Things that matter

Yeah, things that matter

Things that matter, yeah
