

Always Been Wild

Jamestown Revival

I've always been wild
I've always been free
I can't seem to keep
This trouble from following me

Strong as a bull
Swift as a wind
No time to sit on my heels
I can't do what I'm told
I can't fit in
I can't keep taking the long road

I've always been wild
I've always been free
I can't seem to keep
This trouble from following me
My mama tried
To keep me in line
Unfortunately
This trouble keeps following me

I've always been told I'm doing things wrong
But out on the highway is where I belong
Keep running these roads
Keep singing these songs
To say that I'm doing it my way

I've always been wild
I've always been free
I can't seem to keep
This trouble from following me
My mama tried
To keep me in line
Unfortunately
This trouble keeps following me

I've always been wild
I've always been free
I can't seem to keep
This trouble from following me
My mama tried
To keep me in line
Unfortunately
This trouble keeps following me

I've always been wild
I've always been free
I can't seem to keep
This trouble from following me
My mama tried
To keep me in line
Unfortunately
This trouble keeps following me
