

Golden Age

Jamestown Revival

Goodtimes are over, didn't you know?
Well iI heard it on the radio
Read in the paper
Saw in the news
The golden age is all but through

my oh my where the cassidy goes
????????
times they are but changing
yesterdays dead and gone

so play me that old time music
play that familiar song
just a holy roller
gun in his hand
wondering why nobody understands

im missing the music
im longing for you
laying the needle to run a groove

my oh my where the sundance go
????????????????
times they are but changing
yesterday's dead and gone

so play me that old time music
play that familiar song
cause times they are but changing
yesterdays dead and gone
