

Operator

Jamestown Revival

Everybody talking 'bout the way that it oughta be
Change is gonna come, so they say, that's the word on the street

Everybody talking 'bout the state of affairs
Everywhere you turn, it's hanging in the air
It's a roller coaster ride, mudslide, in the Land Of The Free

Operator, can you place my call?
I could use a revelation
Operator, can you hear me at all?
I'm waiting
I'm waiting

While everybody's photographing, everything is crumbling down
Everybody watching everybody else standing around
Suzy in the corner gonna give it away
Back door dealer gonna have his way
It's a roll the dice, play it twice ride, and we're doubling down

Operator, can you place my call?
I could use a revelation
Operator, can you hear me at all?
I'm waiting
I'm waiting

Operator, can you place my call?
I could use a revelation
Operator, can you hear me at all?
I'm waiting
I'm waiting

I'm waiting
I'm waiting
