

## Stars In Alabama

Jamey Johnson

I said, "Mama don't you worry  
I'm getting by just fine out on the road  
Yeah, tonight we played in Knoxville  
And tomorrow night it's back to Music Row

No, I don't know when I'm comin' home  
Montgomery seems so very far away"  
She said, "Boy, it wouldn't kill you now  
To look out past the bright lights on that stage

'Cause God put stars in Alabama  
You just can't find in Tennessee  
The same ones are waiting on you  
That taught you how to dream

I know there's big names up in Nashville  
And you'll be one before too long  
But God put stars in Alabama  
To help you find your way back home

I hung up the phone and I could feel  
The emptiness at 80 miles an hour  
And I listened close and I could hear  
My heart beating louder than the tires

This old bus was headed west  
But my mind was drifting  
Somewhere towards the south  
And I closed my eyes and I could see  
The bright lights shining clearly through the clouds

'Cause God put stars in Alabama  
You just can't find in Tennessee  
The same ones are waiting on you  
That taught you how to dream

She said, "There's big names up in Nashville  
And you'll be one before too long  
But God put stars in Alabama  
To help you find your way back home

Yeah, there's stars in Alabama  
That just can't wait 'til you get home
