I took a pill in Ibiza To show Avicii I was cool When I finally got sober, felt 10 years older But fuck it, it was something to do I'm living out in LA I drive a sports car just to prove I'm a real big baller 'cause I made a million dollars And I spend it on girls and shoes You don't wanna be high like me Never really knowing why like me Don't ever wanna step off that roller coaster and be all alone You don't wanna ride the bus like this Never knowing who to trust like this Don't wanna be stuck up on that stage singing Stuck up on that stage singing All I know are sad songs, are sad songs Darling, all I know are sad songs, are sad songs I'm just a singer who already blew his shot I get along with old timers 'Cause my name's a reminder of a pop song people forgot And I can't keep a girl, no 'Cause as soon as the sun comes up I cut 'em all loose and work's my excuse But the truth is I can't open up You don't wanna be high like me Never really knowing why like me Never don't wanna step off that roller coaster and be all alone You don't wanna ride the bus like this Never knowing who to trust like this You don't wanna be stuck up on that stage singing Stuck up on that stage singing All I know are sad songs, are sad songs Darling, all I know are sad songs, are sad songs, are sad songs I took a plane to my home town I brought my pride and my quitar All my friends are all gone but there's manicured lawns And the people still think I'm a star I walked around downtown I met some fans on Lafayette They said tell us how to make it 'cause we're getting real impatient So I looked 'em in the eye and said Don't wanna be high like me Never really knowing why like me You don't ever wanna step off that roller coaster and be all alone Don't wanna ride the bus like this Never knowing who to trust like this You don't wanna be stuck up on that stage singing Stuck up on that stage singing

Darling, all that I know are sad songs, are sad songs, are sad songs

All I know are sad songs, are sad songs
