

## All Time

Jamie Fine

Everyday, I wake up feeling like I'm getting closer  
To where I'm supposed to be and it's okay  
Summer nights are starting to get colder  
As long as you're here with me

The sun is coming down, the day is over now  
And the night time sky, I hear it calling  
Just know the darkest clouds can never bring us down  
'Cause even when that rain is pouring

It's gonna be al-al-al-alright  
You got me like all-all-all-all time  
Two middle fingers to the drama  
Save your problems for tomorrow 'til the sun-un-un-un-un-light

It's alright  
It's alright  
It's alright

Some nights  
I can be hard on myself for not getting it right  
So I try to make an alibi  
For why I'm still running away from these demons I fight  
In my mind, yeah

I hope this turns around, right now I'm breaking down  
I'll get back up when I start falling (falling, falling)  
Just know the darkest clouds (no, no) can never bring us down  
'Cause even when that rain is pouring

It's gonna be al-al-al-alright (it's gonna be alright)  
You got me like all-all-all-all time  
Two middle fingers to the drama  
Save your problems for tomorrow 'til the sun-un-un-un-un-light

It's alright (yeah, yeah, yeah, yeah)  
(Like no, like no, no, no)  
It's alright  
It's alright  
It's alright  
It's alright

It's gonna be al-al-al-alright  
You got me like all-all-all-all time  
Two middle fingers to the drama  
Save your problems for tomorrow 'til the sun-un-un-un-un-light  
It's alright
