Jamie Fine

Feeling low, it's the nights like these  
With the empty skies, a couple broken dreams  
But the darkest nights on the coldest eves  
Shine the brightest stars that you ever seen

So baby hold on, on the days where you been feeling  
Like it's all wrong and that the road that you been rolling on  
Is too long, just remember all the special things  
That make you everything, it's just you and your world

Oh baby, look up at the sky and see that  
That everything will be alright, believe that, oh

Under moonlight, cruising till the sunrise, going nowhere, yeah  
, yeah  
Driving 95, top down, feel alive with the wind in my hair  
A whisper from the night sky saying that it's alright, heard it  
, I swear, yeah  
Dark nights turn to bright skies when I finally feel the love i  
n the air

There's something special 'bout being wide awake  
When the rest of the earth sleeps the night away  
Oh, this whole damn world babe is yours to take  
So take it on and run towards the rising sun, and don't stop fo  
r no one

Oh baby, look up at the sky and see that  
That everything will be alright, believe that

It's like a breath of fresh air in the summertime, yeah  
It's like your very first kiss that you'll never forget  
Like when the trumpets come in in a perfect order  
Let me paint a picture for you, feel it something like this, ye  
ah, yeah

Yeah, yeah  
Oh, you know

Under moonlight, cruising till the sunrise, going nowhere, yeah  
, yeah  
Driving 95, top down, feel alive with the wind in my hair  
A whisper from the night sky saying that it's alright, heard it  
, I swear, yeah  
Dark nights turn to bright skies when I finally feel the love i  
n the air

Under moonlight, cruising till the sunrise, going nowhere, yeah

Driving 95, top down, feel alive with the wind in my hair  
A whisper from the night sky saying that it's alright, heard it  
, I swear, yeah  
Dark nights turn to bright skies when I finally feel the love i  
n the air
