

# Touch Me

Jamie Foxx

Hold up baby what we doing?  
Why we always getting to it  
I'm screaming, you constant still ain't do fix nothing  
I don't really feel like fighting, and girl you look too good for...  
So here's my suggestion, let's take this aggression  
Take it out all on the bed,... that you had  
What you gonn do, do, do, baby  
Why don't we just skip the break ups  
We can kiss... make up  
I could say uh, uh, uh,

I love it when you touch me right, touch me right, touch me right  
Do me right, do me right  
Baby home with you, take it,... make it  
Touch me right, touch me right touch me right  
Do me right, do me right  
Baby home with you, take it,... make it  
Touch me baby, touch me baby

If you mad then baby use it  
Gladly decided to do this  
Feel so much better  
So from now on...  
We're about to have another problem  
This right here could fix the problem  
Don't forget my suggestion  
Take this aggression

Take it out all on the bed,... that you had  
What you gonn do, do, do, baby  
Why don't we just skip the break ups  
We can kiss... make up  
I could say uh, uh, uh,

I love it when you touch me, touch me right, touch me right  
Do me right, do me right  
Baby home with you, take it,... make it  
Touch me right, touch me right touch me right  
Do me right, do me right  
Baby home with you, take it,... make it  
Touch me baby, touch me baby  
Touch me baby, touch me baby

Anywhere you wanna put your hands on me girl cause I can't take it baby  
Know I'll... when you fall...  
Whoa, whoa, ah, whoa, uuu, oh, baby  
Touch me, come on and touch me  
Touch me right there

I love it when you touch me, touch me right, touch me right  
Do me right, do me right  
Baby home with you, take it,... make it  
Touch me right, touch me right touch me right  
Do me right, do me right  
Baby home with you, take it,... make it  
Touch me baby, touch me baby  
Touch me baby, touch me baby
