

# Into Jesus

Jamie Grace

[Verse 1:]

I see the moon,  
A million stars are out tonight  
Gentle reminders of the way You are  
A sea of glass,  
A raging storm has come to pass  
You show Your face in an array of ways  
And my feet may venture to the ground  
But You have never let me down  
I can't hold it in,  
My soul is screaming

[Chorus:]

Hey you, I'm into Jesus  
Hey you, I'm into Jesus, oh yeah  
Hey you, I'm into Jesus  
Hey you, I've seen the truth and I believe

[Verse 2:]

Well I know You're there,  
I feel Your love through my despair  
And You speak the words that ease away the pain  
My heart is free,  
My eyes are clear,  
My soul is healed  
Now that You have got a hold on me  
My feet may venture to the ground  
But You have never let me down  
I can't hold it in, my soul is screaming

[Chorus:]

Hey you, I'm into Jesus  
Hey you, I'm into Jesus, oh yeah  
Hey you, I'm into Jesus  
Hey you, I've seen the truth  
And I believe  
Ooh, oooh, I believe

[Verse 3:]

Hey you, the kid is back  
And I do declare that the sun is shinning  
Hey you, the kid is back  
With a red alert  
And it might be blinding  
Hey you, this kid is back  
And I do declare the sun is shining  
Hey you, this kid is back  
The kid is back

My feet may venture to the ground

[Chorus:]

Hey you, I'm into Jesus  
Hey you, oh, I'm into Jesus  
Hey you, I'm into Jesus  
Don't you know, don't ya know?  
I'm into Jesus

Don't ya know that I'm into Jesus, ooh  
I've seen the truth  
And I believe, ooh  
Hey you, I'm into Jesus
