

# Just Be

Jamie Grace

Settle down anxious soul  
And learn to let go  
Even if it's too hard to believe  
Learn to let go and be

Settle down weary heart  
You've been down this road before  
You worry yourself until you can't breathe  
Learn to let go and just be

In the moment  
In the chaos  
Nothing else matters  
Just be  
In the quiet  
In the chaos  
Whatever happens  
Just be  
Whatever happens  
Just be

Settle down hurried mind  
You've only got so much time  
Don't waste all your currency on all your worries  
Let go and just be

In the moment  
In the chaos  
Nothing else matters  
Just be  
In the quiet  
In the chaos  
Whatever happens  
Just be

Just be...

Be  
In the moment  
In the chaos  
And nothing else matters  
Be  
In the moment  
In the chaos  
Nothing else matters  
Just be  
In the quiet  
In the chaos  
Whatever happens  
Just be

Just be
