

Keep Goin

Jamie Grace

It's okay if you say that you're struggling
As long as trouble is over by the time that you say you're okay
You can't be
Feeling too down when you got your hand out
People gotta see something strong to admire
Vulnerability is a bone in the fire
Even if you cry, wipe the tear from your face, okay

It's a constant struggle tryna fight the hustle
Of proving myself
And everyday I wish that it were easier
To just be me

Keep going
Giving up might seem easy
Giving in might be freeing
Falling from the empty need
Of knowing
Every little place you're going
When you really just wanna stay home and
Let the walls cave and keep you close
If you're looking for a way out, push through the dark clouds
Time and time again
Keep going

I gotta tell you that I told somebody
I ain't doing well in my head, my body
I got a little weak 'cause I'm just nobody
I wanna give up, give up
I don't wanna be just a church kid
I'm the church kid, I'm feeling hurt kid
Wanna give up
Better call somebody, hey

See it's a constant struggle tryna fight the hustle
Of proving myself
And everyday I wish that it were easier
To just be me

Keep going
Giving up might seem easy
Giving in might be freeing
Falling from the empty need
Of knowing
Every little place you're going
When you really just wanna stay home and
Let the walls cave and keep you close
If you're looking for a way out, push through the dark clouds
Time and time again
Keep going

When you don't wanna be lonely but you wanna be alone
When you want someone to call you but you won't answer your phone
And lately it's been hard to put the pedal to the metal
And show up to my friends' events
Lately it's been harder to put back on a mask
Be the person that I've always been

And everyday I wish that it were easier
To just be me

And keep going
Giving up might seem easy
Giving in might be freeing
Falling from the empty need
Of knowing
Every little place you're going
When you really just wanna stay home and
Let the walls cave and keep you close
If you're looking for a way out, push through the dark clouds
Time and time again
Keep going
