

Party Like A Princess

Jamie Grace

When I walked into the party
Everybody just stopped
Even the DJ wasn't ready
To see me without a boy who isn't ready
To be a king
So tell me why would I be be chasing him
To be his queen?

Don't you know who my daddy is?
Don't you know what my daddy did?
Don't you know who my daddy is?
He paid it all
I'm the belle of this ball
So I'm gonna

Party like a princess
Party like a princess
Party like a princess
Party like a princess
I don't need a prince to party like a princess
[x2]

So let me tell you somethin'
That you're needin' to hear
Turn it to 11
Won't lend me your ear
Royalty is in your blood
You're an heir to the throne
Whether you're a baby
Or have babies of you're own

Don't you know who your daddy is?
Don't you know what your daddy did?
Don't you know who your daddy is?
He paid it all
You're the belle of this ball
So I'm gonna

Party like a princess
Party like a princess
Party like a princess
Party like a princess
I don't need a prince to party like a princess
[x2]

Party like, party like
Party like a princess
[x3]
Party like, party like
I don't need a prince to party like a princess

Party like a princess
Party like a princess
Party like a princess
Party like a princess
I don't need a prince to party like a princess
[x2]

Gonna party like, gonna party like
All my girls gonna party like a princess
