

Show Love

Jamie Grace

Nobody wants to be hurting
Nobody wants to be bruised
We carry a load heavier than most
That we don't deserve to

Nobody wants to be let down
Nobody wants to be used
If we see that we're free
Have the freedom to sing
Then we run straight to you
And You are good (You are good)
You are true
And if I want them to believe
I gotta show you

Show love
I just wanna know love
I just wanna be love
Cause everybody needs
Everybody needs
Show love
I just wanna know love
I just need to breathe love
Cause everybody needs
Everybody needs

More than a word, it's a feeling
Love's the reason we breathe
And I know I can be who You are to the world
Cause of who You are to me
And You are good
You are true
And if I want them to believe
I gotta show You

Show love
I just wanna know love
I just wanna be love
Cause everybody needs
Everybody needs
Show love
I just wanna know love
I just need to breathe love
Cause everybody needs
Everybody needs
