

Matter to Me

Jamie Lawson

Head first into feeling the worst
So down before your feet are even hitting the ground
Headlong into getting it wrong
Falling apart just trying to get it started
Over and over, you cry though you're sober
You don't want to open the blinds
But I've got a feeling, you better believe it
Everything's gonna be fine

It doesn't matter whatever happens
I'll be the answer you need
Broken and battered, shaken and shattered
I'll put you back in one piece
It doesn't matter whatever happens
You happen to matter to me

Knee deep in the worst of all weeks
 Dragging your heels until you can't feel anything
 Tongue tied, can't tell a lie
 You would if you could but you know it wouldn't do any good
 It's drilled in, character building
 Pretending you're fine when you're not
 But I'll always find you, just to remind you
 One day the bad days will all be behind you

It doesn't matter whatever happens
I'll be the answer you need
Broken and battered, shaken and shattered
I'll put you back in one piece
It doesn't matter whatever happens
You happen to matter and

I've been in your shoes before falling again and again
But you've got to let go of what you can't control
Tell me the where and the when
And I'll say I'm coming over, you can cry on my shoulder
You take as long as you need

It doesn't matter whatever happens
I'll be the answer you need
Broken and battered, shaken and shattered
I'll put you back in one piece
It doesn't matter whatever happens
I'm happy you happen to be
It doesn't matter whatever happens
You happen to matter to me
(It doesn't matter)
You happen to matter to me
(It doesn't matter)
You happen to matter to me
(It doesn't matter)
You happen to matter to me
(It doesn't matter)
You happen to matter to me
(It doesn't matter)

You happen to matter to me
(It doesn't matter)
You happen to matter to me
(It doesn't matter)
You happen to matter to me...
