

# Napoleon Dynamite

Jamie Lawson

I can see that you've been lonely  
I've been lonely too  
Maybe we could be lonely together  
We could go out or stay inside  
Watch Napoleon Dynamite  
I'll be your friend until the end of the night  
I'll be your friend until the end of the night

Now I can be a little awkward  
Uncomfortable in my skin  
I wonder if you ever feel the same  
We could go dancing if you like  
I'll do my best to get it right  
I'll be your friend until the end of the night  
I'll be your friend until the end of the night

And if the night lasts to the day  
That would be okay with me  
And if the day becomes a week  
More or less or so to speak  
We could try falling in love  
We could try falling in love

I know you were lonely  
I was lonely too  
Now if we're ever lonely together  
We'll go out or stay inside  
Watch Napoleon Dynamite  
I'll be your friend until the end of the night  
I'll be your friend until the end of the night
