

# The Answer

Jamie Lawson

If I ask too many questions  
It's cause I can't quite comprehend  
How my soul's in your possession  
How in the world it all makes sense  
Is there any explanation  
How you're always in my head  
Why does my heart beat irregular rhythm  
Could it be the touch that your hands keep giving

Your love is the answer  
Your love is the answer  
You throw the spark that sets my heart on fire  
Your love is the answer  
Your love is the answer  
You always find a way to lift me higher  
Come lift me higher  
(Your love is the answer)

Now I've been thinking this for ages  
And it still blows my mind  
Out of seven billion faces  
Somehow you chose mine  
Everything falls into place it's  
Like the stars all re-aligned  
You make my heart beat irregular rhythm  
Can't give it up 'cause it keeps on giving now

Your love is the answer  
Your love is the answer  
You throw the spark that sets my heart on fire  
Your love is the answer  
Your love is the answer  
You always find a way to lift me higher  
Come lift me higher  
High-high-high  
Singing your love is the answer  
High-high-high  
Singing your love is the answer

Your love  
Your love  
Your love  
(Oh no)  
Your love  
Your love  
Your love (oh)

Cause you can take me higher  
To get a little bit low  
Lost in desire  
Until we lose control

Your love is the answer (oh yeah)  
Your love is the answer (the answer)  
You throw the spark that sets my heart on fire (that sets my heart on fire)
