

## Wish You Well

Jamie Lawson

Given this day's almost over  
The night's going be here soon  
The fading sun is calling someone  
To surrender from this room

Given my heart's resignation  
And the sadness that follows us here  
It's clear this time, it's the end of the line  
The end of holding you near

I wish you well, I wish you well  
Everything will be alright  
I wish you well, I wish you well  
Forgive me if I hold on tight  
To the last time we say goodnight

This heart's been yours for a lifetime  
This heart will have no regrets  
Don't you think for a second I would change anything  
I meant every word that I said

I wish you well, I wish you well  
Everything will be alright  
I wish you well, I wish you well  
Forgive me if I hold on tight  
To the last time we say goodnight

If I could stay here, if I could stay here  
Stop this this world from spinning around  
If I could stay here, if I could stay here

Given the night's almost over  
Another day comes then it goes  
Of all of the places you're not anymore  
This is where you're not the most
