

## Boy Into A Man

Jamie McDell

Maybe I'm just a woman  
I might never understand  
How to change a boy into a man  
Does it happen on his twenty-first  
Or when he moves away from home?  
Something tells me it's a consequence  
Of getting left out on your own

Maybe I'm just a woman  
I might never understand  
How to change a boy into man  
Does it happen on his wedding day  
Or when she finally breaks his heart?  
Something tells me it's a consequence  
Of getting left out in the dark

Maybe I'm just a woman  
I might never understand  
How to change a boy into a man  
Does it happen when his first-born cries  
Or when they move away from home  
Something tells me it's a consequence  
Of getting left out in this world alone  
Of getting left out in this world alone
