

# Dumb

Jamie McDell

Run me off this road  
Before we get too old

I'm heading down this road  
I may not know which way to go  
But that's ok, I'm just young and dumb  
I wear my shoes a little big  
I fall for all your dirty tricks  
It's fun, I'm just young and dumb

Mr, come and catch me if you can  
Wrap me 'round your hips and let's just dance  
Mr, shoot an arrow through my heart  
Come on, let's take this way too far

I get away with anything  
I'll rob your heart with just a wink then run  
I'm just young and dumb

Run me off this road  
Crash right off the bridge  
We've only got one life to live!  
Before we get too old  
Take your memories, they'll be all that you'll have left of me

Da ra ra ra ta ta  
Da ra ra ra ta ta  
Da ra ra ra ta ta  
Da ra ra ra ta ta

I'm putting on this show  
Forgetting what I shouldn't know  
I beat my drums, 'cause I'm young and dumb  
I'm shooting cannonball, exploding everywhere I fall  
You better run, 'cause I'm young and dumb

Mr, come and catch me if you can  
Wrap me 'round your hips and let's just dance  
Mr, shoot an arrow through my heart  
Come on, let's take this way too far

I'm standing with the gun  
I'm counting down four, three, two, one  
Tick-tock it's done, I'm just young and dumb

Run me off this road  
Crash right off the bridge  
We've only got one life to live!  
Before we get too old  
Take your memories, they'll all that you'll have left of me  
Run me off this road,  
Don't you rescue me  
I know your water's testing me  
Cross my way back home  
But it's all fun to me  
'Cause walls are my worst enemy!

Da ra ra ra ta ta  
Da ra ra ra ta ta  
Da ra ra ra ta ta  
Da ra ra ra ta ta

Now there's blisters on my feet  
Big giant holes inside my dreams  
All for some fun, I was young and dumb
