

Without A Voice

Jamie McDell

I read the news today
I found something that reminded me
Of the games we played
To get ahead in the wrong way

And its strange to me
To act like what we had
Isn't worth enough to keep it safe

And all these people with the words say they care about the world
When it doesn't really matter anyways
Cause they taken what we had and forgetting that the past
All this freedom is what we give away

Give a little love now
Try to understand
We could lose out
If we can't learn to use our heads
We could come together
Cause we have a choice to be saving

Those without a voice

I had to turn the page
When I think of how it use to be
Now all that has changed
We got minds on the economy

And it's clear to me
That I can't save the day
But I can believe I try on my own way

With the status on their minds, can't believe that all this time
Hasn't been indication
Cause they taken what we had busy cutting up the land
Trying to save our reputations

Give a little love now
Try to understand
We could lose out
If we can't learn to use our heads
We could come together
Cause we have a choice to be saving

Those without a voice

And there's no reason why we have to play
In a school stadium all down in shame
And we all know how much we love this place so help me

To give a little love now
Try to understand
We could lose out
If we can't learn to use our heads
We could come together
Cause we have a choice to be saving

Those without a voice
