

# Growing Out Of You

Jamie Miller

It wasn't always bad  
It wasn't always this way  
Didn't make up all the reasons that we started in the first place  
You fit me like my favorite shirt  
You fit me 'til you didn't  
And there's no point in tryna make it work when it just isn't

So I  
Said goodbye  
But in my mind  
You're still there

It's not like growing out of clothes that don't fit you like before  
It's not like growing out of TV shows, you don't watch anymore  
I thought I'd cut you loose  
I'd let you go and I'd be someone new but part of me  
Will always be

Growing out of you  
Ooh  
Growing out of you  
Ooh

You broke us into pieces  
And it was for the better  
But I think I'll be cleaning up the mess you made forever  
No matter where I'm going  
I'm going there knowing  
A little bit of you is coming with me

No. It's not like growing out of clothes that don't fit you like before  
It's not like growing out of TV shows, you don't watch anymore  
I thought I'd cut you loose  
I'd let you go and I'd be someone new but part of me  
Will always be

Growing out of you  
Ooh  
Growing out of you  
Ooh  
Growing out of you

It's not easy, I left you  
But you won't leave me, I keep you  
Underneath my skin  
Ooh  
It's not easy, I left you  
But you won't leave me, I kick you out  
But you come back in

It's not like growing out of clothes that don't fit you like before  
It's not like growing out of TV shows, you don't watch anymore  
I thought I'd cut you loose  
I'd let you go and I'd be someone new but part of me  
Will always be  
Growing out of you
