## Naive

Jamie O'Neal

How you been, boy you're lookin' good Are you still livin' down in Birmingham Funny how things didn't turn out like we thought they would Now here we are standin' face-to-face again Two old long lost friends Laughin' 'bout when we'd sing

"Born in the USA" And we'd scream it at the top of our lungs Remember how you'd always say You were gonna change the world And yeah, I would always be your girl And we dreamed about runnin' away Just takin' off and chasin' the sun Man, we really had it made We were young, in love and free And so naive, so naive

Where'd it go, all that crazy confidence You and me, not afraid to face a thing Wish we could go back and live again the hours spent In your car cruisin' like we owned the town Yeah, we'd turn that song up loud And we'd drown Bruce out singin'

"Born in the USA" And we'd scream it at the top of our lungs Remember how you'd always say You were gonna change the world And yeah, I would always be your girl And we dreamed about runnin' away Just takin' off and chasin' the sun Man, we really had it made We were young, in love and free And so naive, so naive

Na, na, na, na, na, na, na We were tender, we were green, so much we hadn't seen We were wide-eyed and innocent and so naive singin'

"Born in the USA" And we'd scream it at the top of our lungs Remember how you'd always say You were gonna change the world And yeah, I would always be your girl And we dreamed about runnin' away Just takin' off and chasin' the sun Man, we really had it made We were young, in love and free And so naive, so naive

Oh man, we really had it made We were so naive We were so naive
