

Soldier Comin' Home

Jamie O'Neal

I got to the airport
Just in time for your flight
When I saw a husband run off the plane
To his wife

He was full of emotion
Didn't care who could see
It made me stop and wonder
When's the last time you looked at me

Like you were a soldier comin' home
Like you counted the nights you were gone
Like each moment together's more precious than ever
'Cause you're safe inside of my arms

Like you can't get enough of me
When you make love to me
Like you were a soldier comin' home, home

Well, that's when it hit me
Just the way she was lookin' at him
Caught up in the moment
She forgot all the lonely she's been

And you're gone so much now
It's become no big deal
It made me stop and wonder

When's the last time I made you feel

Like you were a soldier comin' home
Like I counted the nights you were gone
Like each moment together's more precious than ever
'Cause you're safe inside my arms

Like I can't get enough of you
When I make love to you
Like you were a soldier comin' home, yeah

That's why I'm holdin' you this way
We can't take for granted this love we've been handed
Baby, let's live everyday

Like you were a soldier comin' home
Like you can't wait to get me alone
Like each moment together's more precious than ever
'Cause you're safe inside my arms

Like I can't get enough of you
When I'll make love to you
Like you were a soldier comin' home

Yeah, I'm gonna love you
Like you were a soldier comin' home, oh
Comin' home
