

River

Jamie Scott

I'm missing you
I can't think of anything, my baby
Cuz I'm feeling you
From the moment that I walked, my baby
Don't you worry
I'll be loving you forever still

Now I'm missing love
All I'm seeing is your face, my baby
Cuz I'm missing us
Though I know I couldn't stay, my baby
Don't you worry
I'll be loving you forever still

Cuz rivers don't stop when they fall
They just run
They just run on by
Rivers don't stop when they fall
They just move
They just move on by
River, river, river lead me to my soul love (alright, hey)
River, river, river lead me to my soul love
Ooo, I'll be loving you forever still

I'm feeling you
Though I hope I'm coming back, my baby
Cuz darling it's true
Now I'm thinking maybe I should have stayed
Don't you worry
I'll be loving you forever still

Now I'm missing you
You can see in my eyes, my baby
Now I'm loving you
Now I wish I never walked, my baby
Don't you worry
I'll be loving you forever still

Cuz don't you know that rivers don't stop when they fall
They just run
They just run on by
Rivers don't stop when they fall
They just move
They just move on by
River, river, river lead me to my soul love (oooo, yeah)
River, river, river lead me to my soul love
Ooo, I'll be loving you forever still

Oooo, baby

Ooo, I'll be loving you forver still

Cuz don't you know that rivers don't stop when they fall
They just run
They just run on by
Rivers don't stop when they fall
They just move

They just move on by
River, river, river lead me to my soul love
River, river, river lead me to my soul love
Ooo, I'll be loving you forever still
